

SAFETY FIRST

GAME FOR TWO,
THREE, OR FOUR

Directions to reach school safely

Remove this double page and cut out the cards below, turning them face down. Each player uses a coin or button on the board. Starting at "Home" the first player draws a card. A green card means the player obeyed safety rules, and moves forward on the footprints, the number of spaces marked on the card. A red card means the player broke the rules, and must move backward the number of spaces marked. Each player needs a green card to get started, and must wait by turn until he draws one. A player does not go backward any farther than "Home." If a player lands on a red square, he misses one turn. If he lands on a green circle, he moves 5 spaces ahead. The first player to reach the schoolhouse wins. Players must draw a card with the exact number needed for the final move. When all the cards are turned up, use them again.
